HOW TO CITE RULES AND RSMO

RULES

The rules are codified in the *Code of State Regulations* in this system–

Title		Division	Chapter	Rule
3	CSR	10-	4	.115
Department	<i>Code of State Regulations</i>	Agency Division	General area regulated	Specific area regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation, for example, 3 CSR 10-4.115 NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

Code and Register on the Internet

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

The *Code* address is www.sos.mo.gov/adrules/csr/csr

The *Register* address is www.sos.mo.gov/adrules/moreg/moreg

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2016. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

Title 15—ELECTED OFFICIALS Division 30—Secretary of State Chapter 200—State Library

EMERGENCY RULE

15 CSR 30-200.025 Application and Payment Procedures for Appropriations or Grants

PURPOSE: *This rule establishes the application and payment procedures followed by the state library for appropriations and grants.*

EMERGENCY STATEMENT: *The secretary of state determined that this emergency rule is necessary to preserve a compelling government interest.*

This emergency rule is necessary to ensure that particular application and payment procedures are in place before at least two (2) major federal grants are administered and disbursed in May 2019 and July 2019, respectively. These two (2) grants alone account for over four hundred fifty thousand dollars (\$450,000.00) of federal funds. Without this emergency rule, there is a risk that grants, especially federally-funded grants, may be arbitrarily administered and disbursed, which could have a negative impact on the libraries of Missouri. As a result, this emergency rule is necessary to ensure that funds of the federal government are properly managed and subsequently disbursed via proper application and payment procedures.

The secretary of state needs this emergency rule to ensure that at least two (2) federally-funded grants are administered and disbursed

via optimal application and payment procedures. This emergency rule establishes the application and payment procedures followed by the state library for appropriations and grants.

The secretary of state finds there is a compelling governmental interest, which requires this emergency action. A proposed rule, which covers the same material, is published in this issue of the Missouri Register. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The secretary of state believes this emergency rule is fair to all interested persons and parties under the circumstances. This emergency rule was filed February 7, 2019, becomes effective February 17, 2019, and expires August 15, 2019.

(1) For appropriations or grants which designate a directed distribution of funds to libraries which meet specific eligibility criteria (such as meeting the definition of an academic library, institutional library, library consortium, public library, school library, or special library, as defined in 15 CSR 30-200.010), the state library shall request information from the institutions to determine which ones are eligible for participation. In some instances, additional published data from various sources, including state and federal agencies, may be used to determine eligibility.

(2) For appropriations or grants with funds awarded on a competitive basis, the following application process will be used:

(A) Applications must be submitted in the form and manner prescribed by the state library and must include all required signatures;

(B) Additional information may be requested by the state library as appropriate to the type of applications;

(C) All applications will be examined by state library staff for completeness, compliance with regulations and eligibility criteria, and adherence to instructions, but meeting these elements does not obligate the state librarian or secretary of state to award any grant; and

(D) The state librarian shall review the applications and provide the secretary of state with recommendations for grant awards. The secretary of state shall make the final decision on approving, in whole or in part, or denying a grant.

AUTHORITY: *sections 181.021, 181.060, and 182.812(3), RSMo 2016. Emergency rule filed Feb. 7, 2019, effective Feb. 17, 2019, expires Aug. 15, 2019. A proposed rule covering this same material is published in this issue of the Missouri Register.*

Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES Division 30—Division of Regulation and Licensure Chapter 20—Hospitals

EMERGENCY RULE

19 CSR 30-20.013 Incorporation of Medicare Conditions of Participation

PURPOSE: *This rule incorporates the Medicare Conditions of Participation into the hospital regulations.*

EMERGENCY STATEMENT: *This emergency rule incorporates by reference 42 CFR Part 485 (2017), Medicare Conditions of Participation: Critical Access Hospitals, 42 CFR Part 482 (2017), Medicare Conditions of Participation: Hospitals, 42 CFR Part 482 (2017), Medicare Conditions of Participation: Psychiatric Hospitals, which is authorized by subsection (4) of section 536.031, RSMo, as part of HB 2183, ninety-ninth General Assembly, Second Regular*

*Session (2018), that became effective August 28, 2018, and section 197.297, RSMo. (2018). Subsection (4) of section 536.031, RSMo, allows the department to enforce hospital licensure requirements which were removed by section 197.005, RSMo, as part of CCS for SB 50 Ninety-ninth General Assembly, First Regular Session (2017), that became effective August 28, 2017. At this time the department is without any power to suspend, revoke, or deny a hospital license for substantial noncompliance or immediate jeopardy, where the health and safety of individuals are at risk, due to a violation of any Centers for Medicare & Medicaid Services Rule, which the department administers in Missouri. The department finds that in order to protect the health and safety of patients in hospitals that are in violation of the federal rules, which the department administers, there is a compelling governmental interest that requires this emergency action. A proposed rule covering this same material is published in this issue of the **Missouri Register**. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the **Missouri and United States Constitutions**. The department believes this emergency amendment is fair to all interested persons and parties under the circumstances. The interested persons and parties include the state hospital and health care associations, facility owners, and any patient of a hospital. This emergency rule was filed February 14, 2019, becomes effective February 24, 2019, and expires August 22, 2019.*

Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES

Division 30—Division of Regulation and Licensure Chapter 60—License-Exempt Child Care Facilities

EMERGENCY AMENDMENT

19 CSR 30-60.020 Application for Annual Fire Safety and Health and Sanitation Inspections and Inspection Procedures. The department is deleting section (5), renumbering as necessary, and adding a new section (7).

PURPOSE: This amendment adds background screening language to comply with section 210.1080, RSMo. This amendment adds the Notice of Parental Responsibility required by section 210.254, RSMo which requires a child care facility operated by a religious organization to provide notice to parents of certain aspects of the program, including the conducting of background screenings.

EMERGENCY STATEMENT: The Child Care and Development Block Grant (CCDBG) Act of 2014 Section 658H, which passed November 19, 2014, requires states to conduct comprehensive criminal background checks. Individuals who are employed by a child care provider or whose activities involve the care or supervision of children for a child care provider or who have unsupervised access to children who are cared for or supervised by a child care provider must have a comprehensive background check. Congress, in its passage of the CCDBG Reauthorization, considered background checks as a part of ensuring minimum health and safety standards. The Administration for Children and Families (ACF), Office of Child Care (OCC) promulgated rules, effective September 30, 2016. The OCC rationale is that all parents regardless of whether they receive assistance from the Child Care Development Fund (CCDF) deserve the basic protection of knowing that the individuals caring for their children do not have prior behavior that could pose a risk to endangering the health and safety of their children. This provision applies to licensed and license-exempt child care facilities regulated by the Department of Health and Senior Services (DHSS), Section for Child Care Regulation (SCCR). States were required to meet the criminal background check requirement by September 30, 2017. Missouri was approved for a one (1) year waiver, which expired September 30, 2018. As a result, the Missouri legislature enacted section 210.1080, RSMo, as a part of HB 1350, Ninety-ninth General Assembly, First Regular Session (2018), which authorizes the DHSS to promulgate emergency rules to implement criminal background checks for licensed and license-exempt child care providers as required by the CCDBG Reauthorization. This law requires criminal background checks for all child care staff members. National surveys have demonstrated that most parents logically assume their child care providers have had a background check, had training in child health and safety, and are regularly monitored (National Association of Child Care Resource and Referral Agencies, National Parent Polling Results, 2011). Prior to this law, the DHSS did not have authority to require criminal fingerprint checks for license-exempt regulated child care programs. There are approximately four hundred seventy-seven (477) license-exempt child care programs in Missouri. Approximately thirty-four percent (34%) of license-exempt child care programs serve CCDF families. As a result, this emergency amendment is necessary to protect the safety and health of children in child care settings, and to implement criminal background checks as required by the CCDBG Reauthorization. There is a compelling governmental interest that requires this emergency action. The scope of this emergency amendment is limited to the circumstances creating

the emergency and complies with the protections extended in the Missouri and United States Constitutions. The Department of Health and Senior Services believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed February 15, 2019, becomes effective February 25, 2019, and expires August 23, 2019.

PUBLISHER'S NOTE: *The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.*

[(5)] The facility director shall request a child abuse/neglect screening from the Department of Social Services for each employee who may come into contact with children during child care hours. The request shall be made within ten (10) days of employment. The results of the screenings shall be maintained in the facility's files.]

[(6)](5) If there is a change of ownership of the facility, the new owner(s) or the facility director shall request a fire safety inspection and a health and sanitation inspection.

[(7)](6) Inspections of child care facilities operated by religious organizations and nursery schools not operated by religious organizations will be phased in over a one- (1)-/ year period following the effective date of this rule. During the phase-in period, necessary action will be taken by the Department of Health in any situations posing a threat of imminent bodily harm to children.

(7) Notice of Parental Responsibility.

(A) Child care facilities operated by religious organizations shall keep on file a notice of parental responsibility, as required by section 210.254, RSMo at least five (5) days prior to starting operation.

(B) A child care facility operated by a religious organization shall use the Notice of Parental Responsibility form, revised 2018 and incorporated by reference in this rule, as published by the Missouri Department of Health and Senior Services, PO Box 570, Jefferson City, MO 65102-0570 and available by the department at <https://health.mo.gov/safety/childcare/forms.php>. This rule does not incorporate any subsequent amendments or additions.

(C) A child care facility operated by a religious organization shall provide the parent or guardian enrolling the child two (2) copies of the Notice of Parental Responsibility form for the enrolling parent to acknowledge, by signature, having read and accepted the information. One (1) copy shall be kept by the parent or guardian and the other copy shall be retained in the child's record at the facility.

(D) A child care facility operated by a religious organization shall file the Notice of Parental Responsibility form with the department annually during the month of August.

AUTHORITY: *sections 210.221.1(3) and 210.252.5, RSMo 2016, and sections 210.254 and 210.1080, RSMo Supp. [1999] 2018. This rule was previously filed as 19 CSR 40-60.020. Original rule filed Dec. 1, 1994, effective July 30, 1995. Changed to 19 CSR 30-60.020 July 30, 1998. Emergency amendment filed March 1, 2000, effective March 11, 2000, expired Sept. 6, 2000. After the one (1) year waiver ends noncompliant states are subject to losing five percent (5%) of their total CCDF monies. Missouri may be at risk of losing \$5.4 million in federal funding. As a result, the Missouri legislature enacted section 210.1080, RSMo, as a part of HB 1350, Ninety-ninth General Assembly, First Regular Session (2018), which authorizes the DHSS to promulgate emergency rules to implement criminal background checks for licensed and license-exempt child care providers as required by the CCDBG Reauthorization. dren do not have prior behavior that could pose a risk to endangering the health and safety of their children. This provision applies to licensed and license-exempt child care facilities regulated by the Department of Health and Senior Services (DHSS), Section for Child Care Regulation (SCCR). States were required to meet the criminal background check requirement by September 30, 2017. Missouri was approved for a one (1) year waiver, which expired September 30, 2018. After the one (1) year waiver ends, noncompliant states are subject to losing five percent (5%) of their total CCDF monies. Missouri may be at risk of losing \$5.4 million in federal funding. As a result, the Missouri legislature enacted section 210.1080, RSMo, as a part of HB 1350, Ninety-ninth General Assembly, First Regular Session (2018), which authorizes the DHSS to promulgate emergency rules to implement criminal background checks for licensed and license-exempt child care providers as required by the CCDBG Reauthorization. This law requires criminal background checks for all child care staff members. National surveys have demonstrated that most parents logically assume their child care providers have had a background check, had training in child health and safety, and are regularly monitored (National Association of Child Care Resource and Referral Agencies, National Parent Polling Results, 2011). Prior to this law, the DHSS did not have authority to require criminal fingerprint checks for regulated child care programs. There are approximately nine hundred fifty-three (953) licensed family child care homes in Missouri. Approximately forty percent (40%) of licensed family child care homes serve CCDF families. This law defines who is a child care staff member; requires criminal background checks for child care staff members; identifies the registries, repositories, and databases that are to be searched; specifies cost responsibility; who is ineligible to maintain a presence on the premise; requires a criminal background check every five (5) years and states the appeal rights of caregivers. As a result, this emergency amendment is necessary to protect the safety and health of children in child care settings, and to implement criminal background checks as required by the CCDBG Reauthorization. There is a compelling governmental interest that requires this emergency action. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The Department of Health and Senior Services believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed February 15, 2019, becomes effective February 25, 2019, and expires August 23, 2019.

(2) If a family day care home is incorporated, the corporation shall designate one (1) of the officers of the corporation to be responsible for the daily operation of the facility and to meet the requirements of the child care provider. When the responsibility for the operation of a family day care home rests with a board of directors, the Child Care Licensing Unit shall be notified immediately if there is a change of the officer designated to be responsible for the daily operation of the facility and to meet the requirements of the child care provider. 19 CSR 30-61.105 The Day Care Provider and Other Day Care Personnel. The department is amending section (1).

EMERGENCY AMENDMENT

19 CSR 30-61.210 Records and Reports. The department is adding a new section (14); and renumbering sections accordingly.

PURPOSE: This amendment adds background screening record retention requirements to comply with section 210.1080, *RSMo*.

EMERGENCY STATEMENT: The Child Care and Development Block Grant (CCDBG) Act of 2014 Section 658H, which passed November 19, 2014, requires states to conduct comprehensive criminal background checks. Individuals who are employed by a child care provider or whose activities involve the care or supervision of children for a child care provider or who have unsupervised access to children who are cared for or supervised by a child care provider must have a comprehensive background check. Congress, in its passage of the CCDBG Reauthorization, considered background checks as a part of ensuring minimum health and safety standards. The Administration for Children and Families (ACF), Office of Child Care (OCC) promulgated rules, effective September 30, 2016. The OCC rationale is that all parents regardless of whether they receive assistance from the Child Care Development Fund (CCDF) deserve the basic protection of knowing that the individuals caring for their children do not have prior behavior that could pose a risk to endangering the health and safety of their children. This provision applies to licensed and license-exempt child care facilities regulated by the Department of Health and Senior Services (DHSS), Section for Child Care Regulation (SCCR). States were required to meet the criminal background check requirement by September 30, 2017. Missouri was approved for a one (1) year waiver, which expired September 30, 2018. After the one (1) year waiver ends noncompliant states are subject to losing five percent (5%) of their total CCDF monies.

Missouri may be at risk of losing \$5.4 million in federal funding. As a result, the Missouri legislature enacted section 210.1080, *RSMo*, as a part of HB 1350, Ninety-ninth General Assembly, First Regular Session (2018), which authorizes the DHSS to promulgate emergency rules to implement criminal background checks for licensed and license-exempt child care providers as required by the CCDBG Reauthorization. This law requires criminal background checks for all child care staff members. National surveys have demonstrated that most parents logically assume their child care providers have had a background check, had training in child health and safety, and are regularly monitored (National Association of Child Care Resource and Referral Agencies, National Parent Polling Results, 2011). Prior to this law, the DHSS did not have authority to require criminal fingerprint checks for regulated child care programs. There are approximately nine hundred fifty-three (953) licensed family child care homes in Missouri. Approximately forty percent (40%) of licensed family child care homes serve CCDF families. As a result, this emergency amendment is necessary to protect the safety and health of children in child care settings, and to implement criminal background checks as required by the CCDBG Reauthorization. There is a compelling governmental interest that requires this emergency action. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri and United States Constitutions*. The Department of Health and Senior Services believes this emergency amendment is fair to all interested persons and parties under the circumstances. EMERGENCY AMENDMENT

19 CSR 30-62.032 Organization and Administration. The department is amending sections (2) and (3).

PURPOSE: This amendment removes child abuse and neglect language in an effort to not conflict with section 210.1080, RSMo.

EMERGENCY STATEMENT: The Child Care and Development Block Grant (CCDBG) Act of 2014 Section 658H, which passed November 19, 2014, requires states to conduct comprehensive criminal background checks. Individuals who are employed by a child care provider or whose activities involve the care or supervision of children for a child care provider or who have unsupervised access to children who are cared for or supervised by a child care provider must have a comprehensive background check. Congress, in its passage of the CCDBG Reauthorization, considered background checks as a part of ensuring minimum health and safety standards. The Administration for Children and Families (ACF), Office of Child Care (OCC) promulgated rules, effective September 30, 2016. The OCC rationale is that all parents regardless of whether they receive assistance from the Child Care Development Fund (CCDF) deserve the basic protection of knowing that the individuals caring for their children do not have prior behavior that could pose a risk to endangering the health and safety of their children. This provision applies to licensed and license-exempt child care facilities regulated by the Department of Health and Senior Services (DHSS), Section for Child Care Regulation (SCCR). States were required to meet the criminal background check requirement by September 30, 2017. Missouri was approved for a one (1) year waiver, which expired September 30, 2018. After the one (1) year waiver ends noncompliant states are subject to losing five percent (5%) of their total CCDF monies.

Missouri may be at risk of losing \$5.4 million in federal funding. As a result, the Missouri legislature enacted section 210.1080, RSMo, as a part of HB 1350, Ninety-ninth General Assembly, First Regular Session (2018), which authorizes the DHSS to promulgate emergency rules to implement criminal background checks for licensed and license-exempt child care providers as required by the CCDBG Reauthorization. This law requires criminal background checks for all child care staff members. National surveys have demonstrated that most parents logically assume their child care providers have had a background check, had training in child health and safety, and are regularly monitored (National Association of Child Care Resource and Referral Agencies, National Parent Polling Results,

2011). Prior to this law, the DHSS did not have authority to require criminal fingerprint checks for regulated child care programs. There are approximately two thousand thirteen (2,013) licensed group child care homes and child care centers in Missouri.

Approximately sixty-two percent (62%) of licensed group child care homes and child care centers serve CCDF families. This law defines who is a child care staff member; requires criminal background checks for child care staff members; identifies the registries, repositories, and databases that are to be searched; specifies cost responsibility; who is ineligible to maintain a presence on the premise; requires a criminal background check every five (5) years and states the appeal rights of caregivers. As a result, this emergency amendment is necessary to protect the safety and health of children in child care settings, and to implement criminal background checks as required by the CCDBG Reauthorization. There is a compelling governmental interest that requires this emergency action. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the **Missouri and United States Constitutions**. The Department of Health and Senior Services believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed February 15, 2019, becomes effective February 25, 2019, and expires August 23, 2019.

(2) If a group day care home is incorporated, the corporation shall designate one (1) of the officers of the corporation to be responsible for the daily operation of the facility and to meet the requirements of the group day care home provider. When the responsibility for the operation of a group day care home rests with a board of directors, the Child Care Licensing Unit shall be notified immediately if there is a change of the officer designated to be responsible for the daily operation of the facility and to meet the requirements of the group day care home provider. [References and child abuse/neglect screening information shall be provided as required by 19 CSR 40-62.042 Initial Licensing Information.]

(3) When the responsibility for the operation of a facility rests with a board of directors, the Child Care Licensing Unit shall be notified immediately if there is a change of the board president or chairperson. EMERGENCY AMENDMENT

19 CSR 30-62.222 Records and Reports. The department is deleting sections (12) and (13), adding a new section (12), and renumbering thereafter.

PURPOSE: This amendment changes background screening record retention requirements to comply with section 210.1080, **RSMo**.

EMERGENCY STATEMENT: The Child Care and Development Block Grant (CCDBG) Act of 2014 Section 658H, which passed November 19, 2014, requires states to conduct comprehensive criminal background checks. Individuals who are employed by a child care provider or whose activities involve the care or supervision of children for a child care provider or who have unsupervised access to children who are cared for or supervised by a child care provider must have a comprehensive background check. Congress, in its passage of the CCDBG Reauthorization, considered background checks as a part of ensuring minimum health and safety standards. The Administration for Children and Families (ACF), Office of Child Care (OCC) promulgated rules, effective September 30, 2016. The OCC rationale is that all parents regardless of whether they receive assistance from the Child Care Development Fund (CCDF) deserve the basic protection of knowing that the individuals caring for their children do not have prior behavior that could pose a risk to endangering the health and safety of their children.

This provision applies to licensed and license-exempt child care facilities regulated by the Department of Health and Senior Services (DHSS), Section for Child Care Regulation (SCCR). States were

required to meet the criminal background check requirement by September 30, 2017. Missouri was approved for a one (1) year waiver, which expired September 30, 2018. After the one (1) year waiver ends noncompliant states are subject to losing five percent (5%) of their total CCDF monies.

Missouri may be at risk of losing \$5.4 million in federal funding. As a result, the Missouri legislature enacted section 210.1080, **RSMo**, as a part of HB 1350, Ninety-ninth General Assembly, First Regular Session (2018), which authorizes the DHSS to promulgate emergency rules to implement criminal background checks for licensed and license-exempt child care providers as required by the CCDBG Reauthorization. This law requires criminal background checks for all child care staff members. National surveys have demonstrated that most parents logically assume their child care providers have had a background check, had training in child health and safety, and are regularly monitored (National Association of Child Care Resource and Referral Agencies, National Parent Polling Results, 2011). Prior to this law, the DHSS did not have authority to require criminal fingerprint checks for regulated child care programs. There are approximately two thousand thirteen (2,013) licensed group child care homes and child care centers in Missouri.

Approximately sixty-two percent (62%) of licensed group child care homes and child care centers serve CCDF families. This law defines who is a child care staff member; requires criminal background checks for child care staff members; identifies the registries, repositories, and databases that are to be searched; specifies cost responsibility; who is ineligible to maintain a presence on the premise; requires a criminal background check every five (5) years and states the appeal rights of caregivers. As a result, this emergency amendment is necessary to protect the safety and health of children in child care settings, and to implement criminal background checks as required by the CCDBG Reauthorization. There is a compelling governmental interest that requires this emergency action. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the **Missouri and United States Constitutions**. The Department of Health and Senior Services believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed February 15, 2019, becomes effective February 25, 2019, and expires August 23, 2019.

EMERGENCY RULE

19 CSR 30-63.010 Definitions

PURPOSE: This rule provides definitions to be used in the interpretation and enforcement of 19 CSR 30-63.

EMERGENCY STATEMENT: The Child Care and Development Block Grant (CCDBG) Act of 2014 Section 658H, which passed November 19, 2014, requires states to conduct comprehensive criminal background checks. Individuals who are employed by a child care provider or whose activities involve the care or supervision of children for a child care provider or who have unsupervised access to children who are cared for or supervised by a child care provider must have a comprehensive background check. Congress, in its passage of the CCDBG Reauthorization, considered background checks as a part of ensuring minimum health and safety standards. The OCC rationale is that all parents regardless of whether they receive assistance from the Child Care Development Fund (CCDF) deserve the basic protection of knowing that the individuals caring for their children do not have prior behavior that could pose a risk to endangering the health and safety of their children.

This provision applies to licensed and license-exempt child care facilities regulated by the Department of Health and Senior Services (DHSS), Section for Child Care Regulation (SCCR). States were required to meet the criminal background check requirement by September 30, 2017. Missouri was approved for a one (1) year waiver, which expired September 30, 2018. Prior to this law, the DHSS did not have authority to require criminal fingerprint checks for regulated child care programs. There are approximately three thousand four hundred forty-three (3,443) licensed and license-exempt child care programs in Missouri. The DHSS estimates approximately twenty-six thousand four hundred

forty-eight (26,448) individuals will need fingerprinting, based on staff:child ratio requirements. This law defines who is a child care staff member; requires criminal background checks for child care staff members; identifies the registries, repositories, and databases that are to be searched; specifies cost responsibility; who is ineligible to maintain a presence on the premise; requires a criminal background check every five (5) years and states the appeal rights of caregivers. As a result, this emergency rule is necessary to protect the safety and health of children in child care settings, and to implement criminal background checks as required by the CCDBG Reauthorization. There is a compelling governmental interest that requires this emergency action. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri and United States Constitutions*. The Department of Health and Senior Services believes this emergency rule is fair to all interested persons and parties under the circumstances. This emergency rule was filed February 15, 2019, becomes effective February 25, 2019, and expires August 23, 2019.

PURPOSE: This rule sets forth the process for the appeal required in section 210.1080, RSMo.

EMERGENCY STATEMENT: The Child Care and Development Block

Grant (CCDBG) Act of 2014 Section 658H, which passed November 19, 2014, requires states to conduct comprehensive criminal background checks. Individuals who are employed by a child care provider or whose activities involve the care or supervision of children for a child care provider or who have unsupervised access to children who are cared for or supervised by a child care provider must have a comprehensive background check. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The Department of Health and Senior Services believes this emergency rule is fair to all interested persons and parties under the circumstances. This emergency rule was filed February 15, 2019, becomes effective February 25, 2019, and expires August 23, 2019.

(1) The prospective child care staff member or child care staff member may appeal in writing to the department to challenge the accuracy or completeness of the information contained in his or her criminal background check, or to offer information mitigating the results and explaining why an eligibility exception should be granted.

(2) The appeal shall be filed within ten (10) days from the mailing of the notice of ineligibility.

(3) The written appeal shall include the child care staff member's full name, Social Security number, date of birth, e-mail address, mailing address and zip code, and telephone number, including the area code, where s/he can be reached Monday through Friday, during the hours from 8:00 a.m. through 5:00 p.m.

*AUTHORITY: section 210.1080, RSMo Supp. 2018. Emergency rule filed Feb. 15, 2019, effective Feb. 25, 2019, expires Aug. 23, 2019. A proposed rule covering this same material is published in this issue of the **Missouri Register**.*

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbolology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

Title 11—DEPARTMENT OF PUBLIC SAFETY
Division [80] 50—Missouri State [Water] Highway Patrol
Chapter [5] 3—Water Patrol Division

PROPOSED AMENDMENT

[11 CSR 80-5.010] 11 CSR 50-3.010 [Approval of] Aids to Navigation and Regulatory Markers. The department is moving the rule and amending sections (1)–(5), (11), and (13).

PURPOSE: The amendment is necessary due to the merger of the Missouri State Water Patrol into a division of the Missouri State Highway Patrol as authorized by section 43.390, RSMo. and the amendment to section 306.125, RSMo. requiring the Department of Public Safety to create a new rule.

(1) All persons requesting permission to place or have placed an aid to navigation or regulatory marker as defined in section 306.124, RSMo. on the waterways of the state of Missouri *[must] may* submit a completed application form supplied by the Missouri State *[Water] Highway Patrol, Water Patrol Division. [, PO Box 1368, Jefferson City, MO 65102-1368. All applications must be submitted to the Missouri State Water Patrol General Headquarters in Jefferson City at least thirty (30) days before the date permission is requested]* **Applications are due forty-five (45) days prior to the hearing date.** The application will be reviewed by the *[Missouri State Water Patrol,]* **Water Patrol Division**, at a public hearing after notice of the hearing has been published in the county paper at least ten (10) days before the hearing. *[Hearings will be conducted only once per month during the months of September, November, January, March, and May. The commissioner of the Missouri State Water Patrol, or his/her designated representative, shall approve or disapprove all applications within a reasonable length of time after the conclusion of the hearing.]*

(2) Applications for buoys one hundred feet (100') from a dock are as follows:

(A) Applications must include a copy of the applicant's dock permit (section 306.903, RSMo[.]);

[(B) The application must include a diagram of the cove indicating the distance between the most lakeward portion of the applicant's dock and the dock(s) or shoreline on the opposite side of the cove;]

[(C)](B) [The application must show] **Applications should indicate the proposed placement of the buoy(s) requested in relationship to the applicant's dock[.]. The preferred placement of individual buoys is one hundred feet (100') from the dock and centered;**

[(D) Docks that are within two hundred feet (200') of the applicant's dock must be indicated on the diagram;]

[(E)](C) "No wake-idle speed" buoys [will not be approved] are impermissible for docks that are less than three hundred feet (300') from a dock on the opposite side of the [cove] waterway due to restriction and increased potential for accidents. If no dock is present, the measurement from the applicant's dock to the opposite shoreline would be utilized;

[(F)](D) Generally, [private docks will only be permitted for one "no wake-idle speed" buoy unless other circumstances exist; and] a buoy permit will not be issued if a dock within three hundred feet (300') of the applicant's dock is already permitted a buoy. Exceptions due to the contour of the shoreline and/or the positioning of docks may be allowed when boating safety in the area is enhanced by the placement of a buoy.

[(G) Buoy placement will be centered one hundred feet (100') out from the most lake ward portion of the applicant's dock unless extenuating circumstances determined by the Missouri State Water Patrol dictate otherwise. Placement of buoys(s) must comply with the approved permit.]

(3) Applications to buoy the full width of a cove~~—~~ includes:

[(A) All applications, including appeals, to regulate boating traffic for the full width of any portion of a cove shall be heard at the Missouri State Water Patrol Headquarters in Jefferson City;]

(A) Applications to buoy the full width of a cove may be approved only after a public hearing;

(B) The width of the waterway is determined by the distance between docks on the opposing shorelines, unless no docks are present. This method of measurement represents the actual navigational width of the proposed area;

[(B)](C) If the width of the [cove] waterway is such that the distance between docks on opposite sides of the [cove] waterway [is in excess of] exceeds four hundred feet (400'), the [cove] waterway [shall] may [not] be buoyed [unless in the opinion of officials of the Missouri State Water Patrol] if the volume of boating traffic is significantly disproportionate to similar [coves] areas on the same body of water, or [traffic] boating accident data support the need for "no wake-idle speed" buoys. If the distance between opposing docks is disputed, the applicant, at his/her expense, [shall] may have an official survey conducted by a Missouri registered surveyor to determine the exact distance;

[(C)](D) Applications to buoy [coves that have a distance of four hundred feet (400') or less between docks on opposite sides of the cove] the full width of any portion of a waterway, [must] should include a plot map of the [cove] area with all affected owner/s] names on their plot;

[(D)](E) The applicant is responsible for submitting proof of property ownership [and documentation that seventy-five percent (75%) or more of property owners in the affected area are in agreement by including with the application a petition signed by at least seventy-five percent (75%) of property owners and a photocopy of each property owner's dock permit or personal property tax receipt] and signed petitions which document that seventy-five percent (75%) or more of property owners in the affected area are in favor of the proposal. A sample petition may be requested from the Water Patrol Division;

(F) Property ownership by those in the affected area is determined by submission of a copy of the property owner's dock permit, or if no dock is present, a copy of the property owner's real estate property tax receipt;

[(E)](G) For individually owned real property bordering the affected waterway, [There] there [will] is to be a one (1) property, one (1) vote rule applied[, to be determined by property tax receipts or official dock permit. Individuals who own more than one (1) property in the affected area are only to be counted as one (1) vote regardless of the number of lots owned]; however, owners with multiple properties within the affected area may cast only one (1) vote. Marinas are considered the same as individually owned real property. Property easements bordering the waterway are considered one (1) eligible vote if there is a permitted dock associated with the easement. As with all eligible voters, proof of ownership is necessary;

[(F) Second tier homeowners may sign the petition if they

own a dock and must prove dock ownership by dock permit or personal property tax receipt. Condominium owners may sign the petition only if they own or lease a slip within the condominium dock. Condominium owners must prove voting rights by submitting a personal property tax receipt or leasing agreement for a dock slip;]

(H) For real property containing multi-family housing, such as condominiums, a one (1) boat dock, one (1) vote rule applies, with a maximum of five (5) eligible votes. Multi-family housing property ownership is determined by providing a copy of each dock permit. The vote(s) are to be cast by the association or entity possessing authority to do so;

(I) For all other community docks, a one (1) boat dock, one (1) vote rule applies, with a maximum of five (5) eligible votes per community. Community dock(s) ownership is determined by providing a copy of each dock permit. The vote(s) are to be cast by the association or entity possessing authority to do so;

(J) Final determination on voting eligibility will be made by the Water Patrol Division when circumstances exist which are not clearly defined by buoy guidelines;

[(G)] (K) Placement of buoys in a diagonal pattern[,] across a no wake cove or no wake zone, rather than a straight line, may be permitted if the shoreline and situation necessitate such a pattern;

[(H)](L) If there are permitted buoys within the affected area [that is to be controlled], the permit number of the existing buoys [must] should be submitted with the application. If the [new] application is approved, all existing buoy permits within the [new controlled] affected area [will] may be [cancelled] revoked, [and the previously permitted buoys removed] unless the [officials of the Missouri State Water Patrol] Water Patrol Division determines [that] it is in the interest of public safety to retain some or all existing permitted buoys;

[(I)](M) Owners of property within a permitted [area] no wake cove, no wake zone, or otherwise restricted area may, by [petition] signed petitions, request a revocation of [permitted buoys] the permit. Revocation [will] may only be considered, however, if twenty-six percent (26%) or more of property owners [sign the petition requesting revocation. The one (1) property, one (1) vote rule applies] favor the revocation. Eligible votes and proof of property ownership are determined in the same manner as the process used for new applications;

[(J)](N) [Approved buoys for a "no wake-idle speed" cove shall be placed one hundred feet (100') below or prior to the first dock affected, unless it would extend the buoys into the main channel] Generally, the buoy line for a no wake cove or no wake zone consists of a minimum of three (3) buoys. Depending on the width of the waterway and volume of boating traffic, a floating sign(s) conforming to prescribed markings may be permitted in conjunction with buoys. The buoy line is to be installed in accordance with the approved permit. The buoy line generally will not be approved to be placed more than one hundred feet (100') out from the location of measurement used to determine the width of the waterway. [Owners] Agreement is to be reached in writing with the owner of [docks] any dock located at [both ends of] the proposed buoy line and the owner of any dock located within one hundred feet (100') outside of the proposed buoy line [must agree in writing to] regarding the placement[,] of the proposed buoys; and

[(K)] If a cove is such that it has a bottleneck effect within the cove and then opens up in excess of four hundred feet (400') between docks on opposite sides, the property owners may petition for "no wake-idle speed" buoys to control speed within the bottleneck and one hundred feet (100') on each side. The permit holder shall be required to place a four foot by six foot (4' x 6') sign conforming to prescribed markings on a dock or approved structure at each end of the zone. The sign must face boaters when entering the controlled zone from either side;

(L) Applications for "no-anchor" designation on all or any portion of a cove may be approved if in the opinion of the officials of the Missouri State Water Patrol the anchoring of boats unnecessarily impedes the normal flow of traffic, interferes with a dock owner's ability to navigate from or to his/her property or if electric cables, gas lines or similar utilities could be vulnerable to damage as a result of anchoring;

(M) Lighted signs and flashing lights on buoys will be discouraged unless seventy-five percent (75%) of the property owners in the affected cove agree to the application for lights. All property owners within two hundred feet (200') of proposed lighted signs on buoys must agree to the placement of the lights. If lighted signs or buoys are approved, affected property owners may, by petition, request to have the lights removed. The Missouri State Water Patrol Buoy Committee may not consider removal of permitted lights unless the petition to remove the lights bears the validated signatures of twenty-six percent (26%) or more of the current property owners in the permitted area. Shoreline property owners within two hundred feet (200') of the permitted area may be included in the revocation petition. Lighted signs and flashing lights may be required by the Missouri State Water Patrol in some instances if deemed necessary for safe navigation; and

(N) Approved or required lights on buoys shall be solar white flashing lights. Approved or required lights on signs shall be solar amber flashing lights.]

(O) Applications may be submitted by property owners located on a waterway narrowing to less than eight hundred feet (800') in width to restrict vessels forty feet (40') in length or greater to no wake. To ensure uniformity, the eight hundred feet (800') width eligibility applies to coves or main channel areas. Waterways eight hundred feet (800') or greater in width will not be considered for this restriction unless the volume of boating traffic is significantly disproportionate to similar areas on the same body of water, or boating traffic accident data support the need for the restriction. This restriction may be indicated by buoy markers, signage on docks, or signage on the shoreline, as specified in the permit by the Water Patrol Division. Applications where signage is a requirement on docks or shoreline property, are to include proof of ownership and written consent from each owner where signs will be posted. Applications under this clause will be heard by the Water Patrol Division at a public hearing. Petitions from property owners in the affected area are unnecessary for this limited no wake restriction. Approval is based on the enhancement of public safety in the proposed area and testimony provided at the hearing. If approved, the permit holder is responsible for maintaining the buoys and/or signage as indicated in the permit.

(4) Displaying of buoy permit number includes:

(A) A buoy's permit number is to be displayed legibly on the side of the buoy and within three inches (3") of the top of the buoy;

(B) A sign's permit number is to be displayed legibly on the upper left corner of the sign, as facing the sign, and within three inches (3") of the top of the sign; and

(C) Permit numbers will be a minimum of one inch (1") block style, black numbers, and hyphenated as indicated on the permit.

(5) Display of lighting on buoys and signs includes:

(A) Flashing lights for permitted buoys may be approved only if deemed necessary for safe navigation. Flashing lights for buoys will be solar, white flashing lights, fifteen flashes per minute (15FPM); and

(B) Flashing lights for permitted signs will be solar, amber flashing lights, fifteen flashes per minute (15FPM). Each sign is to display a minimum of two (2) lights.

[(4)](6) Modification(s) to an existing buoy permit must be approved by the *[Missouri State Water Patrol]* **Water Patrol Division**. A request to modify an existing permit may require a new application and **public** hearing if the modification would have a significant effect on boating traffic in the immediate area as determined by the *[Missouri State Water Patrol]* **Water Patrol Division**. *[The Missouri State Water Patrol shall determine if a permit modification requires a public hearing. New applications must conform to the above rules. Modifications of an existing permit for name or ownership change only, does not require a new hearing.]* Permit holders are *[required]* to notify the *[Missouri State Water Patrol]* **Water Patrol Division** if they have a change of **mailing** address or transfer of property ownership.

(7) **Buoy permits for individual docks are non-transferrable. New property owners may re-apply for a buoy based on current buoy guidelines.**

[(5)](8) Buoy applications for the same general area *[will]* **may** be considered not more than two (2) times within any twelve (12) consecutive month period.

[(6)](9) *[All rejected buoy applications shall be granted one (1) appeal for the same location. Appeal hearings will normally be held at Missouri State Water Patrol General Headquarters in Jefferson City. Either the commissioner or the field services commander will serve on the appeal board.]* **Applicants who have been rejected twice within a twelve (12) month period for the same general area may submit a letter of appeal to the superintendent of the Missouri State Highway Patrol.**

[(7)] *A personal watercraft is by statutory definition a vessel, which requires their operation to be in compliance with all regulatory markers.]*

[(8)](10) Temporary buoy permits for regattas, construction sites, etc., *[will]* **are** to each be considered on their own merits.

[(9)](11) It *[will be]* is the responsibility of the permit holder to purchase, install, and maintain all approved buoys and signs. All approved buoys and signs *[must]* **are to** be installed and in place from *[May 1]* **April 1** through *[Labor Day]* **October 1** each year. Permitted buoys and signs may remain installed *[or removed]* the remainder of the year, **if they are maintained according to the permit**. Buoys and signs approved for new applications during the May hearings *[must]* **are to** be installed within thirty (30) days of the approval date. *[The permit holder shall mark each permitted buoy and sign with the permit number assigned by the Missouri State Water Patrol. The permit number must be placed on each buoy or sign by a method that is both durable and legible. Buoys and signs that cannot be identified by visible permit number are subject to removal.]* All buoys and signs *[must]* **are to** be reflective and *[conform to]* **compatible with** the Uniform State Waterway Marking System as established by the United States Coast Guard. The *[commissioner]* **director** of the *[Missouri State Water Patrol]* **Water Patrol Division** may revoke the permit of any permit holder upon failure to abide by these rules. *[Upon fourteen (14) days written notice, the commissioner of the Missouri State Water Patrol may revoke any permit if the permit holder fails to maintain buoys, signs, markers, and/or lights in proper placement or in a well-maintained and legible condition. Buoys that have shifted in position because of water level, boat waves or some force of nature and the buoy still performs the purpose set forth in the application shall remain a legal navigation marker unless determined otherwise by the commissioner.]*

(12) **An existing permit may be revoked, if in the opinion of the Water Patrol Division, the permit or placement of the buoy(s) is no longer necessary or warranted due to modifications in development of the affected area, or boat traffic no longer warrants such a permit.**

[(10)](13) The *[Missouri State Water Patrol]* **Water Patrol Division** retains, pursuant to section 306.124, RSMo, sole discretion to provide for the uniform marking of the waterways of this state through the placement of aids to navigation and regulatory markers. The *[Missouri State Water Patrol]* **Water Patrol Division** may approve or revoke regulatory markers and navigational aids on any area of the waterways of this state when *[, in the opinion of officials of the Missouri State Water Patrol,]* public safety *[will be]* is enhanced by the regulation or deregulation of boating traffic. The *[Missouri State Water Patrol shall]* **Water Patrol Division may** consider *[traffic]* **boating** density, traffic patterns, accident data, and other pertinent criteria prior to approval of an application or revocation of a permit.

[(11)](14) Nothing in this rule *[shall]* **may** be construed to create in any other party any right or entitlement to the privilege of placing such aids or markers *[or any legal duty]* on behalf of the *[Missouri State Water Patrol]* **Water Patrol Division**. *[to approve or disapprove any request to place such aids or markers.]*

AUTHORITY: section 306.124, RSMo [Supp. 2003] 2016, and section 306.125, RSMo Supp. 2018. Original rule filed Dec. 18, 1975, effective Dec. 28, 1975. IV. ASSUMPTIONS

The Child Care Development Block Grant (CCDBG) Reauthorization Act of 2014 Section 658H set out requirements for comprehensive criminal background checks. States were required to have policies and procedures in place by September 30, 2017. Missouri has been approved for a one year waiver, which expired September 30, 2018. After the one year waiver ends noncompliant states are subject to losing 5% of their total Child Care Development Fund (CCDF) monies. Missouri is in partial compliance, but will not be fully compliant with CCDBG until its rules are promulgated.

This rule requires child care staff members, which includes all regulated (licensed and license-exempt) child care providers, persons employed by the child care provider for compensation, including contract employees or self-employed individuals; individuals or volunteers whose activities involve the care or supervision of children for a child care provider or unsupervised access to children who are cared for or supervised by a child care provider; or individuals residing in a family child care home who are age seventeen (17) and older to undergo criminal background checks and every five (5) years thereafter and an annual check of the central registry for child abuse in order to qualify for receipt of state or federal funds for providing child-care services. DHSS estimates an additional 26,488 child care staff members will need a background check based on the capacities of regulated facilities and the staff/child ratio needed to maintain supervision.

Health Program Representative II (6) (\$35,640 annually, each): DHSS estimates that one Health Program Representative II (HPR II) is needed to process 4,000 background screenings and complete other additional responsibilities related to the direct processing of background screenings for regulated providers. Given the expectation, $(26,448/4,000 = 6.6 \text{ FTE})$, DHSS assumes 6 HPRs II will be needed.

Health Program Representative III (1) (\$39,704 annually): The Health Program Representative III will directly supervise the HPRs II. This position will provide direct daily oversight to HPRs II, ensure timely completion of background screenings, develop and maintain policy and procedural manuals, review and process submitted appeals, approve security access, coordinate with child care supervisors, and conduct quality assurance reviews for accuracy and timely completion of background screenings.

Senior Office Support Assistant (1) (\$26,340 annually): A Senior Office Support Assistant will need to be hired whose primary duties will be to support the staff within the unit.

Office of Administration (OA), Information Technology Services Division (ITSD)/DHSS. ITSD states, for fiscal note purposes, it is assumed a project team consisting of a project manager, business analyst, senior developer and developer for a project duration of six (6) months will be needed. Modifications will need to be made to an existing system that is currently being maintained by ITSD and hosted in the State Data Center (SDC). ITSD assumes that every new IT project/system will be bid out because all ITSD resources are at full capacity. The current contract rate for IT consultants is \$75 per hour. It is estimated that contract consultants will need 2,536.92 hours to complete the project. One-time costs are estimated to be \$190,269 $(2,536.92 * \$75)$.

IV. ASSUMPTION

Current regulations stipulate that for children under two (2) years of age, a 1:4 staff/child ratio, and for children over the age of two 1:10 staff/child ratio. These staff/child ratios were used to determine the estimated number of individuals needing a comprehensive background screening. The proposed methodology is not exact, but is based on the capacities of facilities and the staff/child ratio needed to maintain supervision.

Methodology

Estimated number of staff needed for children under two (2) years of age:

- Total number of children under two (2) years of age/4 = Estimated Number of Staff

Estimated number of staff needed for children over the age of two (2):

- Total number of children over two (2) years of age/10 = Estimated Number of Staff

While proposed methodology is not an exact, it is based on the capacity of facilities and the staff/child ratios needed to maintain supervision of children. This number does not account for unknown volunteers or other individuals who may be associated with the facility. The DHSS is estimating, at minimum, there are at least another 7,000 unknown individuals who will need background screenings. This number accounts for individuals who are not currently screened, e.g. cooks; janitors; office staff; trainers, contracted and

self-employed individuals, volunteers, and household members. Currently, DHSS has no mechanism for tracking volunteers or household members associated with a family home provider. The federal law requires that requested background screenings be completed within 45 days. Individuals working at multiple sites will need a low-level review. Individuals separated from child care employment for more than 180 days will need a new comprehensive background screening. Child care facilities also experience turnover which will impact the number of requested screenings.

The license-exempt facility numbers have been adjusted to remove those providers who do not receive federal funds for caring for children e.g. the child care subsidy program.

SUMMARY OF COMMENTS: The board received one (1) comments on the proposed amendment.

COMMENT: Dr. Lucas Kavlie with Western Governors University, commented on the proposed rule change, requesting consideration for more inclusive accreditation requirements to qualify schools to participate in the Nursing Education Incentive Program (NEIP). He requests that rather than limiting eligibility to participate in NEIP to Missouri schools that are regionally accredited through the Higher Learning Commission of the North Central Association, schools that

are accredited by any regional accreditor recognized by the U.S. Department of Education and be approved by the Missouri State Authorization Board direct or via reciprocity, State Charter, or Executive Order be eligible to participate. He states that by enhancing section 335.203 (B)(2) to reflect such a change may contribute to state workforce demands and support greater flexibility to students. RESPONSE: As indicated in Dr. Kavlie's comment, the Board of Nursing is bound by Missouri statutes 335.200 and 335.203, RSMo, to limit NEIP eligibility to Missouri schools currently accredited through the Higher Learning Commission of the North Central Association. The Missouri State Board of Nursing cannot make this change because the statute does not allow it.
